

**COURT AUTOMATION COORDINATING COMMITTEE
MEETING OF 10/3/2003**

ATTENDEES:

Barrett, John; Beguin, Ron; Brady, Tom; Cornell, Janet; Davis, Dave; Edwards, Daniel; Guidero, Margaret; Heckart, Karl; Johnson, Kim; Kuhn, Ann; Lawler, Tim; Maiocco, Frank; McGrath, Patrick; McMurry, Stephen; Obuch, Gregg; Pollard, Michael; Reinkensmeyer, Marcus; Stimson, Chris

Set up three committees to set path for future case management system. The objectives are as follows:

- 1) Identify and recommend a path. Should we buy a package, build a system, or leverage existing (iCIS)? List pros and cons of each.
- 2) Do we need a single system, two systems, or three systems to accommodate Superior, Justice and Municipal Courts? List pros and cons of each.
- 3) Research and estimate cost of any option or recommended path. Funding recommendations?
- 4) Provide business logic for any recommendations made.

A high level plan should be in place for the COT meeting on or about November 14, 2003. The committees should meet at least once before the CTC8 conference being held October 27 – 30. It would be highly beneficial to the process if as many committee members as possible attend the CTC8 conference in Kansas City.

The following committees were established:
